Recommended Practices

Vacuum Equipment Recommended Practices Manual

First Edition - 2007. Available in English or Spanish.

The **Recommended Practices For The Use Of Industrial Vacuum**

Equipment, first edition, was prepared by the WJTA-IMCA Committee to Develop Recommended Practices for the Use of Industrial Vacuum Equipment. Topics in the **Recommended Practices** include injury potential, seeking medical attention, damage, explosion, types of trucks, getting started, pre-job preparations, working safely, job completion, loading/off-loading, equipment maintenance, and regulations and certifications.

Vacuum Equipment Recommended Practices <i>English or Spanish Edition</i>

100 or more copies.....	\$ 5.00 each	\$ 8.00 each
Discounts are available on bulk orders.		

Vacuum Equipment Recommended Practices Video

First Edition - 2009. Available in VHS Video or DVD.

WJTA-IMCA has released a companion video to the WJTA-IMCA publication **Recommended Practices For The Use Of Industrial Vacuum Equipment**.

The new video is a visual depiction of many of the major topics in the WJTA-IMCA's **Recommended Practices For The Use Of Industrial Vacuum Equipment**, first edition. (See description above.)

NEW, REVISED, and UPDATED - Waterjet Equipment Recommended Practices Manual

Fourth Edition - 2011

The **Recommended Practices for the Use of High Pressure Waterjetting Equipment**, fourth edition, is now available. Revisions were made throughout the manual, but one of the most significant changes is the addition of a section on the operation of **Automated Equipment**. The new section includes recommended practices for **Automated Shotgunning, Tube Lancing, Flex Lancing Machines, Line Moleing Machines, Shell Side Bundle Cleaners, and Slab Cleaners**.

The **Recommended Practices** also includes revised and updated information about: Goals, Responsibilities, Dealing with Accidents, Pre-Service and Operational Checklists and Procedures, Pressure Water Cleaning, Protective Equipment for Personnel, Operational and Training Requirements, the Waterjet Team, Care and Maintenance of Equipment, Permanent Cleaning Areas, and Definitions of and Guidelines for Operating Components of Waterjet Systems.

Conference Proceedings

The **Proceedings** are a compilation of papers and abstracts, including photographs and illustrations, presented at each American WJTA Conference. Topics include, but are not limited to:

- Jet-Material Interaction;
- Modeling and Analytical Studies;
- Fluid and Jet Mechanics;
- High Pressure Technology;
- Water and Abrasives;
- Rock Cutting and Fragmentation;
- Mining;
- Drilling and Construction;
- Coating and Rust Removal;
- Safety and Environmental Issues;
- Nuclear and Hazardous Applications;
- New Machining Processes;
- Automated Machining Systems; and
- Advanced Machining and Future Needs

Medical Alert Cards, Available in English or Spanish

WJTA-IMCA has prepared a medical alert card containing valuable information in the event a worker is injured during the course of a waterjetting project. All individuals involved in waterjet projects are encouraged to carry the medical alert card.

The card contains suggestions on dealing with an injury as well as important information for the attending physician.

The wallet size cards are laminated and printed in black and orange.

An Overview of Waterjet Fundamentals And Applications

Fifth Edition (2001)

This handy reference book includes ten chapters written by leading experts in the field of waterjetting. Hardcover, three-ring binder, 225 pages, updated August 2001.

Topics include: Historical Perspective of Fluid Jet Technology; Fluid Mechanics of Jets; Influence of Basic Jet Parameters and Physics of Abrasive Waterjet Cutting; Abrasive Waterjet Machining of Brittle Materials — Theories and Applications; Abrasive Jets; High Pressure Equipment and Systems; Hydraulic Mining; Cleaning Applications for Waterjets; Industrial Applications and Comparison of Laser and Abrasive Waterjet Technologies; High Pressure Safety; Construction and Civil Engineering Applications for Waterjets; Fluid Jet Technology — Information Resources; and Fluid Jet Cutting Data.

Members: \$55
Non Members: \$70

Reference Material

The following reference books include copies of PowerPoint slides used during presentations given at Pre-Conference Workshops. Each is a hardcover, three-ring-binder that covers topics such as history; equipment; applications; safety; hydro-excavation; surface prep; and cleaning and cutting applications.

Industrial Vacuum Equipment Seminar

August 18, 2009, PowerPoint (Slide) Presentations in Printed Format

This reference book includes copies of PowerPoint slides used during presentations given at the WJTA Pre-Conference Workshop, August 18, 2009 (held in conjunction with the 2009 American WJTA Conference Expo, Marriott Westchase Hotel, Houston, Texas). Hardcover, three-ring-binder.

Topics include: understanding the power of vacuum and how industrial vacuum loaders work, controlling diesel engine runaway, getting the most out of your air mover, electrical safety issues and static electrical issues.

Members: \$20
Non Members: \$25

There are two types of membership in the WJTA-IMCA – corporate and individual membership

Benefits of Corporate Membership

- Information about new applications, products, and testing
- Information to improve on-the-job safety
- Reduced fees for meetings, trade shows, and publications
- An active voice in issues affecting the industry
- Assistance in communicating the uses of services and equipment to clients
- FREE annual subscription (six issues) to Jet News
- FREE listing in the Online Directory
- FREE WJTA-IMCA Membership Directory
- Three individual memberships, including all benefits listed above
- 25% reduction in dues for additional individual memberships (after first **three**)

- FREE listing on the WJTA-IMCA web site services referral section
- Reduced advertising rates in the Jet News
- FREE quarter-page advertisement in the WJTA-IMCA Membership Directory

Benefits of Individual Membership:

- Information about new applications, products, and testing
- Information to improve on-the-job safety
- Reduced fees for meetings, trade shows, and publications
- An active voice in issues affecting the industry
- Assistance in communicating the uses of services and equipment to clients
- FREE annual subscription (six issues) to Jet News
- FREE WJTA-IMCA Membership Directory

Membership Application

Check the type of membership do you wish to apply for? (Corporate or Individual)

PLEASE PRINT OR TYPE

- CORPORATE MEMBERSHIP.** Annual Dues. Includes three (3) individual members, a 25% reduction for additional WJTA-IMCA members, and a free quarter-page ad in the *WJTA-IMCA Membership Directory*.
- US, Canada or Mexico - \$400.00 All other countries - \$460.00

Please fill in the name, address, phone and fax numbers, and email of three (3) contacts. Each contact will receive all general WJTA-IMCA mailings. The primary contact will also receive requests for official responses and membership renewal forms.
