International Members ONLY

An additional charge is added to the dues amount for individual and corporate members with mailing addresses outside the U.S., Canada, and Mexico. The additional charge is to cover the higher postage costs for mailing WJTA publications to international mailing addresses.

Repeated increases in postage have resulted in significant charges for mailing the *Jet News* and the annual *WJTA Membership Directory*. U.S. Air Mail is our preferred choice for forwarding publications to international members because it is quick and dependable. Other less expensive delivery classes are available, but often result in a two to three week delivery time, and pieces may be lost in transit.
